THE LAND OF LOST DREAMS

TURN BACK!!!

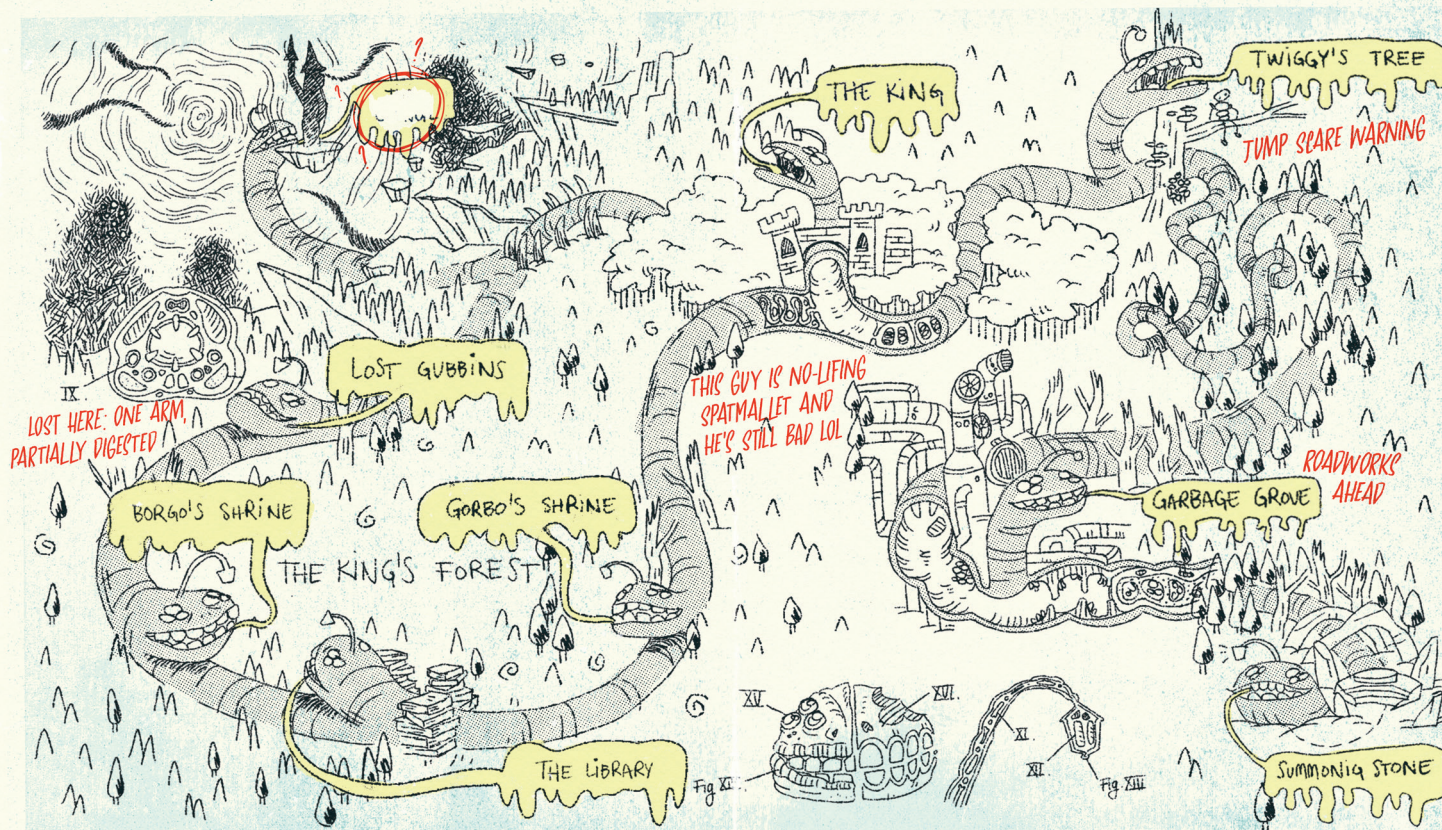

An Unforgettable Holiday Destination!*

Nestled at the centre of the cosmic void, The Land of Lost Dreams is the ideal destination for tourists looking to untether their busy brains from the rat-race of reality. This bustling, culturally-rich oblivion popped into existence sometime in the last few aeons, providing a much-needed home for discarded ideas, cancelled TV shows, unremembered beings and, at time of writing, around 3,680,472,004 cold cups of tea. They're on a permanent vacation from the horrors of everyday life. Here at D.Tours, our mission is to make sure you're next.

There's so much to see, do and - most importantly - buy, whether you're a rich and naive holidaymaker or someone much less useful. With its mystical forests, natural caves and vistas that

MEET THE LOCALS

The best way to immerse yourself in the culture of any place is to get to know the residents. (If that doesn't work, try a BrainBath™, available from all D.Tours licensed vendors). Each of The Land of Lost Dreams' denizens have their own fascinating histories, often hailing from the faraway climes of creative projects past.

THE KING

Like any functional and moral society, The Land of Lost Dreams is ruled by an unelected king. In a previous dimension, he enjoyed retirement in a picturesque, snow-covered, possibly Scandinavian locale - before he traded it all in for a "career" as the Land's most successful living SpatMallet player.

□▽Δ□ has no beginning, and no end - no history, and no future □▽Δ□ is also extremely handsome and wise. We here at D.Tours love working under □▽Δ□'s watchful, loving gaze, and accept that the occasional spot of mind-control is a healthy part of the business strategy.

DJ ORANGE & BANANA

Washed-up rockstars - in that they literally washed up on the shores of the Land some time ago. These once-essential marketing entities prove a love for the outdoors and a strong survival instinct is key to making the most out of a trip. Still, their skin might be thick, but it's easily peeled - we've heard they're real softies on the inside.

THEIR FIRST ALBUM WAS BETTER ANYWAY

The Scribe

In a past life, this academic graced the stage at a huge conference in Paris. Now, she's kept busy with the infinitely fulfilling work of writing the ever-shifting story of The Land of Lost Dreams. Sisyphus would be proud!

ATTRACTIONS & ACTIVITIES

TRASH... OR TREASURE?

Visitors should make their first stop at this progressive site of industry and sustainability. Turning useless tat into a cosy habi-tat, Garbage Grove belongs to the Gubbins, curious collectors skilled in refining forgotten artifacts into essential resources. Walking tours are available daily - valuables can be safely deposited upon entry.

NOT SAFELY RETURNED!!

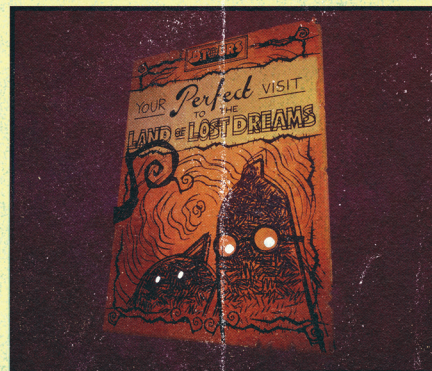

CULTURAL ROOTS

For guests looking to touch grass, the Forest of Gloom is a natural wonder. Between every branch lies an unexpected surprise; local legends speculate that external forces conjured up these ever-changing glades. D.Tours delicately advises visitors not to disturb nearby Cursed Trinket shrines.

A ROYAL WELCOME

The King's quarters are the warm, beating heart of The Land of Lost Dreams - a heart you're going to eat right up. Admire the views from paper windows, carefully designed to avoid any glimpses of reality, and be personally greeted by His Travesty The King. Where else could you sit down to a rousing game of SpatMallet with a reigning monarch?

OBEY THE DAY AWAY

There's nothing quite as much fun as doing exactly what you're told to, when you're told to do it. Good tourists will regularly check off the "suggestions" found in their questbook, ensuring smooth, fun-filled, officially-sanctioned progress through The Land of Lost Dreams. Bad tourists will incur a fine before ceasing to exist altogether.

(UN)NATURAL SIGHTS

A quiet forest clearing is the perfect place to dabble in one of the Land's most popular pastimes: exploiting vulnerable creatures. Listen closely, and you may hear the pitter-patter of fleshy stumps - a telltale sign of the Cursed Cone native to the area. Local guide-slash-munitions expert Twiggy has some top tips on picking its brains.

A VIEW TO DIE FOR

No holiday would be complete without a panoramic snapshot for flaunting your superior travel decisions online. Defined by its hypnotic vistas, the Lookout is the aesthetic pinnacle of the entire Land. Don't forget to bring your sunscreen; those radiant rays are sure to get your skin sizzling!

BRANCHING OUT

Take the path less travelled!

If you go down to the woods today, you're sure of a big surprise. That might be the case were you travelling with an inferior tourist board, but rest assured that the following guide on the Forest of Gloom will prepare you for most eventualities and eccentricities. Labyrinthian in structure, this forest combines the beauty of woodland walks with the excitement of losing yourself in a hedge maze. Make sure to strike up a conversation along the way; there are plenty of fellow hikers with years of experience! Whether you're following foothpaths, breadcrumbs or entrails, you'll find captivating routes in the Forest of Gloom.

POOR DAVE'S
BEEN TRAPPED HERE
FOR DECADES

CARNIVOROUS...

WEAKEST PLAYER GOES FIRST!

1. GLOW-FI GLOOM ARCKNIGHT3355

Does all this walking make you blue in the face? Fear not: the bioluminescent plant life here is sure to disguise your condition. This little nook is permanently plunged into nightfall, bringing out the beauty in the enchanting mushrooms and eldritch blossom. Pair it all with relaxing rainfall and this is one patch worth spending the additional poncho fee on.

2. DO OR DIE FLUFFYNSASSY

Searching for in-hike entertainment? Pay a visit to this life-size board game for the chance to win sugary refreshments. Stretch your legs across the intact bridge (roll number permitting). Each space promises playful surprises, victory tastes sweeter when pursued by a slasher.

3. CONCRETE JUNGLE BUMBLEBURKE

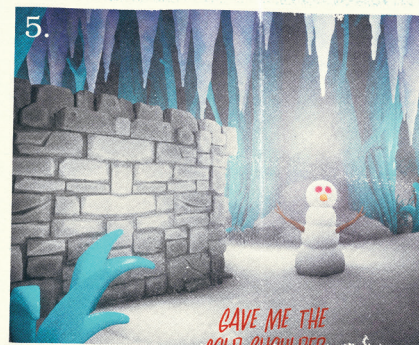

Even by our standards, this is quite the detour. Spectacular sights, sounds and noxious fumes promise to take your breath away; nothing screams industrious like a towering inferno. That's without mentioning the centrepiece of this complex: a grand mechanical beast wreaking havoc at a regulated distance. Overwhelmed visitors can leave at any time by chatting to the bouncers; they're dead good.

4. DRAGON'S DEN SPRATTLA-ART

One unmissable opportunity is an intimate, medium-rare encounter with the local wildlife. Visit and transform your holiday into a fantasy! (Roleplay at your own risk.) Those on the trail should look out for ear-shattering snoring, golden eggshells and samples of scorched earth. Tread carefully and let sleeping dragons lie!

RATING: ONE STAR

COLD SHOULDER

5. HIT A CROSSROADS OODORIENOOO

Linearity getting you down? Here's a route that'll enliven your tour with the magic of choices. Step inside the central stone structure to be warped to a destination of your choice. We'd almost call it competition! Frozen tundras and friendly snowmen co-exist with historical ruins occupied by the original tenants. There's something for everyone still remaining in your group!

Thrilling! ♦ Complicated! ♦ Expensive!

SPATMALLET

THE
GAME
EVERYONE
LEGALLY MUST
LOVE TO
PLAY!

Each royally-sanctioned copy of the smash hit*
tabletop warfare game includes:

- Game board
- 687-page rulebook (mandatory reading on pain of death)
- Special edition 'Snake Eyes' D20
- Whichever player tokens the factory workers didn't eat out of sheer desperation

Get yours today, and remember the first rule of SpatMallet:
THERE CAN ONLY BE ONE WINNER.

*In that players who do not yield to His Travesty The King in tabletop combat will be smashed and/or hit as per page 294 in the official SpatMallet rulebook.

REAL GAMERS PLAY GLOOM

XHERISHED MEMORIES

Don't sell your soul.
Buy someone else's!

No holiday is complete without a souvenir* to bring home** with you. Cursed Trinkets are an infamous import of The Land of Lost Dreams, containing nothing less than 100% D.Tours-certified creative essence from dreamers across the dimensions. Pocket one - or as many as you can reasonably get away with - today!

HEX SPIRIT LANTERN CHUNKY104

Just the companion you need to light your way through the 25-hour, 8-day a week eternal twilight of The Land of Lost Dreams. The honed angles of its metal frame are both aesthetically pleasing and pointedly tactile. The souls of forgotten imps power its eerie green glow - no batteries required! *IT'S BLOODY SHARP*

BLESSED COFFIN GIANT585DARK

What could be more convenient than a coffin that fits in your pocket? This darling reminder of your inevitable demise is carved from marbled grey stone, and blessed with a special protective aura - not for the purchaser, but for the piece itself. Broken bones are fixable, after all, but a beautiful sculpture is priceless.

*MINE CRAWLED AWAY,
WHAT A SPAM!*

THE BOX TYPHUS667

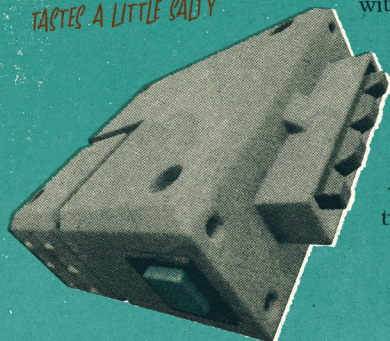

If you've got a taste for the finer things in life, and also flesh, then this lavishly gilded display piece is bound to tickle your fancy (and maybe your toes while you're sleeping). The eye appears to follow you about the room - probably because it is.

STRANGE CARTRIDGE LORDOFTH3BRICKS

We do love a doodad here at D.Tours, and this may be the dooiest dad of all. Marvel at this cartridge's lack of compatibility with any known console!

Ooh at the baffling ports and buttons! Meet the literal ghost in the machine haunting the data! A real curio and collectors' item that could well fetch upwards of twelve squids on EckBay.

*TOP TIP: IF YOU JUST EAT
LIKE THREE EYEBALLS
YOU ONLY SUMMON HIS
LEFT BUTT-CHEEK*

DEVIL DOLL NEOKY

Make the kids' day with a gift that they'll truly think is the "GOAT". This cuddly baby doll comes complete with unblinking eyes, child-friendly gouging horns, cloven hooves and a talking pull tail that activates seven different phrases in the Infernal Tongue. Conscience not included.

*DISTURBINGLY
FLAMMABLE*

CURSED BANANA DOWELTHE DUDE

They say an apple a day keeps the doctor away - but what if a banania could summon the Devil? This frightening piece of fruit might look unassuming at first, but peel off its sunny skin and you'll find a shivering purple surprise underneath. Don't eat them all at once! That's how the ritual starts.
